## Transcript

### FirstNet and Firefighters

Audio: 71 to Main – we're on the scene 3106 Peterson – we got a fire...

Announcer: For America's firefighters – information is power.

The lives you save and the property you protect - depend on you getting to the scene quickly, safely and with all the information you need to do your job.

You need access to reliable communications at all times to coordinate with other first responders at the scene.

The First Responder Network Authority (FirstNet) is building a broadband communications network that will give you the connectivity you need.

FirstNet will put the most advanced technology at your fingertips. A reliable broadband connection will enable you to transmit and receive life-saving operational information.

FirstNet connects you to your partners in other jurisdictions.

Whether communicating during a multi-agency incident, sending videos of trapped patients, or downloading floor plans of burning buildings - FirstNet will bring emergency responders together in an unprecedented way.

First Responders need the very best tools we can put in their hands. First responders need FirstNet.
