

FirstNet™

Public Safety Advisory Committee

WHAT IS THE FIRST RESPONDER NETWORK AUTHORITY (FIRSTNET)?

Signed into law on February 22, 2012, the Middle Class Tax Relief and Job Creation Act created the First Responder Network Authority (FirstNet). The law gives FirstNet the mission to build, operate and maintain the first high-speed, nationwide wireless broadband network dedicated to public safety. FirstNet will provide a single interoperable platform for emergency and daily public safety data communications.

FirstNet is an independent authority within the U.S. Department of Commerce's National Telecommunications and Information Administration. FirstNet is governed by a 15-member Board consisting of the Attorney General of the United States, the Secretary of Homeland Security, the Director of the Office of Management and Budget, and 12 members appointed by the Secretary of Commerce. The FirstNet Board is composed of representatives from public safety; local, state and federal government; and the wireless industry.¹

WHAT IS THE PUBLIC SAFETY ADVISORY COMMITTEE (PSAC)?

Consistent with requisites of the statute, FirstNet was required to establish a Public Safety Advisory Committee (PSAC). FirstNet established the PSAC consisting of 40 members who represent public safety organizations² from all disciplines of public safety as well as State, territorial, tribal, and local governments. There are also at-large members and a Federal member. The mission of the PSAC is to assist FirstNet in carrying out its duties and responsibilities. Specifically, the PSAC:

- Offers FirstNet guidance, information, and subject matter expertise, from a public safety perspective, to ensure that needs, requirements, and operational constructs necessary for critical public safety capabilities are included in the envisioned network
- Provides subject matter expertise on concepts (e.g., policies, procedures, technologies, operational methods) developed by FirstNet
- Advises FirstNet through creating concept documents or recommendation reports related to the build out, deployment, and operation of a nationwide public safety broadband network (NPSBN)
- Conducts regular meetings to remain informed and up to date on FirstNet's progress

¹For additional information on FirstNet, see The Promise of FirstNet Fact Sheet and The Process for Working with FirstNet Fact Sheet

²PSAC webpage: <http://firstnet.gov/about/public-safety-advisory-committee>

WHAT IS EXPECTED OF A PSAC MEMBER?

PSAC members represent key stakeholder groups. PSAC members serve on a voluntary basis and may be asked to participate in subcommittees and working groups to contribute to concept documents and recommendation reports based on their experience and expertise. Participation in the PSAC is critical to assist FirstNet with the establishment of the NPSBN. PSAC members are expected to attend meetings that are held virtually (e.g., teleconference, webinar) and in person meetings two or three times a year. Members are expected to keep their stakeholder groups informed and updated on PSAC activities that help to address the need to develop better technologies and processes for the multi-jurisdictional and cross-disciplinary coordination of existing systems and future networks.

WHAT ARE THE CURRENT PSAC EFFORTS?

Participation as subject matter experts on subcommittees and working groups will be topic specific and will continue until final reports or recommendations are accepted for presentation to FirstNet by the PSAC Executive Committee. Current ongoing efforts include:

- **Human Factors:** PSAC was asked by FirstNet to analyze the long range impacts of the NPSBN on the manner law enforcement, fire, EMS, and public safety communications centers operate and how they may be better served in addressing their duties once the network is built and operating. This task looks to answer several questions including:
 - What are the human elements and ergonomic factors that FirstNet needs to consider when designing the network and defining capabilities of user applications and devices?
 - What are potential user issues that will arise when using the NPSBN?
 - How will the NPSBN be used by first responders and how will it impact operations and the delivery of critical public safety services?

The FirstNet Board passed a [resolution](#) to accept the [report](#) on March 11, 2014.

- **Application / Use Cases:** The PSAC is developing use cases to illustrate how the envisioned technology, network, and applications will support the incident response by discipline (e.g., emergency medical services, fire, law enforcement)
- **Eligible Users:** The PSAC was asked by FirstNet to develop a list of eligible users of the NPSBN and definitions.
- **Tribal Outreach, Education, and Consultation Strategies:** FirstNet requested the PSAC establish a Tribal Working Group to provide FirstNet advice on tribal outreach, education, and inclusive consultation strategies to ensure full participation by tribal jurisdictions in the NPSBN.
- **Early Builder Strategies and Lessons Learned:** FirstNet requested the PSAC establish an Early Builder Working Group comprised of Adams County, Colorado; Los Angeles Regional Interoperable Communications System (LA-RICS), California; Harris County, Texas; New Mexico and New Jersey to provide FirstNet with early builder strategies and lessons learned that will assist in planning efforts for the NPSBN.

For questions on the PSAC and its activities, please contact PSAC@hq.dhs.gov.

FirstNet Board

Chair Sue Swenson
Secretary of Homeland Security (Designee-Suzanne Spaulding)
U.S. Attorney General (Designee Ron Davis)
Director of the Office of Management & Budget (Designee Brian Deese)
Barry Boniface, Tim Bryan, Chris Burbank, Jim Douglas, Jeff Johnson,
Kevin McGinnis, Annise Parker, Frank Plastina, Ed Reynolds, Rich Stanek, Teri Takai

FirstNet Staff
Deputy General Manager
TJ Kennedy

PSAC Executive Committee
PSAC Chair Harlin McEwen (Police-IACP)
PSAC Vice-Chair (Vacant) (Fire Service)
PSAC Vice-Chair Paul Patrick (EMS-NAEMSO)
PSAC Vice-Chair Thomas MacLellan (State-NGA)
PSAC Vice-Chair Tom Sorley (Local-USCM)

Public Safety Advisory Committee
(40 Members)

State, Territorial, Tribal and Local Subcommittee

NGA Chair Thomas MacLellan
USCM..... Vice-Chair Tom Sorley
GHSAC..... Jimmy Gianato
IAEM Joseph R. Sastre
ICMA..... Mark Ryckman
NACo..... Timothy Loewenstein
NARC..... Steve Cassano
NASCIO Darryl Ackley
NASTD..... Charlie Sasser
NATOA Barry Fraser
NCAI..... Richard D. Broncheau
NCSWIC..... Michael Varney
NCSL..... Daniel Eaton
NEMA..... Glenn Cannon
NLC Scott Somers

Tribal Working Group
(Under Formation)

EC Liaison Thomas MacLellan

Chair Richard D. Broncheau
Vice Chair
Members

Early Builder Working Group
(Under Formation)

EC Liaison Tom Sorley

New Mexico (NM)-Darryl Ackley CHAIR
Texas (TX)-Todd Early-VICE CHAIR
Adams County (CO)-Scott Lane
Los Angeles-Rics (CA)-Pat Mallon
New Jersey (NJ)-Fred Scalera

Federal Work Group*
ECPC
Emergency Communications Preparedness Center

Chair Suzanne Spaulding (DHS)
PSAC Liaison Harlin McEwen

Agriculture Department
Commerce Department
Defense Department
Energy Department
Federal Communications Commission
General Services Administration
Health and Human Services Department
Interior Department
Justice Department
Labor Department
State Department
Transportation Department
Treasury Department

*The FirstNet Board has designated the ECPC as the Federal Coordinating Group to advise FirstNet on Federal user issues.
