

**FirstNet™**

## Public Safety Advisory Committee

### WHAT IS THE FIRST RESPONDER NETWORK AUTHORITY (FIRSTNET)?

Signed into law on February 22, 2012, the [Middle Class Tax Relief and Job Creation Act \(Act\)](#) created the [First Responder Network Authority \(FirstNet\)](#). The law gives FirstNet the mission to ensure the building, deployment, operation, and maintenance of the first high-speed, nationwide wireless broadband network dedicated to public safety. FirstNet will provide a single interoperable platform for emergency and daily public safety data communications.

FirstNet is an independent authority within the U.S. Department of Commerce's National Telecommunications and Information Administration. FirstNet is governed by a 15 member Board consisting of the Attorney General of the United States, the Secretary of Homeland Security, the Director of the Office of Management and Budget, and 12 members appointed by the Secretary of Commerce. The FirstNet Board is composed of representatives from public safety; local, state and federal government; and the wireless industry.

### WHAT IS THE PUBLIC SAFETY ADVISORY COMMITTEE (PSAC)?

Under the Act, FirstNet was required to establish a [Public Safety Advisory Committee \(PSAC\)](#). The PSAC consists of 43 members who represent organizations from all disciplines of public safety as well as local, state, territorial, tribal, and federal governments. There are also at large members.

The mission of the PSAC is to assist FirstNet in carrying out its duties to ensure the building, deployment, operation, and maintenance of the nationwide public safety broadband network (NPSBN) in matters involving shared intergovernmental responsibilities or administration. Specifically, the PSAC:

- Offers FirstNet guidance, information, and subject matter expertise, from a public safety perspective, to ensure that needs, requirements, and operational constructs necessary for critical public safety capabilities are included in the envisioned network
- Provides subject matter expertise on concepts (e.g., policies, procedures, technologies, operational methods, etc.) developed by FirstNet
- Conducts regular meetings to remain informed and up to date on FirstNet's progress

### WHAT ARE THE CURRENT PSAC EFFORTS?

Participation as subject matter experts on task teams and working groups is topic specific and continues until final reports or recommendations have been submitted to FirstNet by the PSAC Chair after receiving input/feedback from the full committee. Current ongoing efforts include:

#### Task Teams

**Preparing for Adoption:** The Preparing for Adoption task team will identify key pathways to network adoption, describe ways for FirstNet to facilitate a positive user experience on the network, and identify ways to capitalize on emerging

future trends, applications or uses of broadband data. Their efforts will assist public safety agencies who are considering becoming FirstNet subscribers to prepare for adoption.

### **Working Groups**

**Early Builders Working Group:** An Early Builders Working Group (EBWG) comprised of representatives from Adams County, Colorado; Los Angeles Regional Interoperable Communications System (LA-RICS), California, Texas, New Mexico, and New Jersey was established to provide FirstNet with early builder strategies and lessons learned that will assist in planning efforts for the NPSBN.

**Tribal Working Group:** A Tribal Working Group (TWG) comprised of representatives from a broad cross section of multi-tribal organizations was established to provide FirstNet advice on tribal outreach, education, and inclusive consultation strategies to ensure participation by tribal jurisdictions in planning for the NPSBN.

**Federal Working Group:** A Federal Working Group (FWG) consisting of federal practitioners from across all public safety disciplines on operational activities is being established to further integrate FirstNet's federal outreach and consultation activities with the PSAC's work and drive planning efforts for the NPSBN.

### **WHAT ASSIGNMENTS HAS THE PSAC COMPLETED?**

**Identity, Credential and Access Management (ICAM):** The ICAM task team explored issues that public safety agencies experience today due to the lack of an interoperable ICAM solution; documented recommended initial governance rules for ICAM use in public safety; established a proposed framework for onboarding agencies into the use of federated identity; and examined potential working ICAM solutions. These recommendations will be essential as FirstNet explores ICAM-enabling technologies to uncover potential risks or roadblocks.

**Local Control:** The Local Control task team provided recommendations to further define and refine the operational requirements of FirstNet's Local Control application. FirstNet remains particularly interested in the PSAC's advice when developing governance of the use of quality of service, priority and preemption (QPP) by public safety and sharing such governance with the user community.

**Priority and Preemption:** Provided advice and recommendations on an initial framework for implementing access prioritization, user preemption, and application prioritization on the nationwide public safety broadband network (NPSBN).

**Public Safety Grade:** Provided advice and recommendations on an initial methodology and framework for prioritizing and implementing public safety grade hardening recommendations for the NPSBN.

**User Equipment:** Provided advice and recommendations on functional objectives for and ergonomic considerations of Band 14 broadband user equipment that will meet the operational needs of first responders.

**User Profiles:** The User Profiles task team advised FirstNet on how to establish profile templates to facilitate how a locality influences the network. Building upon the work done during the ICAM and Local Control task teams, the User Profiles task team examined how to register public safety agencies, provision devices and users, and manage identities, credentials and attributes. The task team developed a draft profile template for the four primary public safety disciplines (law enforcement, Fire Service, EMS and 9-1-1) for use on Day 1 of the network.

**Human Factors:** The PSAC analyzed the long range impacts of the NPSBN on the manner law enforcement, fire, EMS, and public safety communications centers operate and how they may be better served in addressing their duties once the network is built and operating. The Human Factors Report is available on the FirstNet website.

**Application/Use Cases:** The PSAC developed use cases to illustrate how the envisioned technology, network, and applications will support the incident response by discipline (e.g., law enforcement, fire, and EMS). These use cases, available on the FirstNet website, were incorporated into design modeling efforts conducted by the FirstNet technical staff.

**Eligible Users:** The PSAC developed a list of proposed eligible users of the NPSBN and related definitions, which was used to inform the public notices FirstNet released related to the definition and scope of public safety entities qualifying for use of the NPSBN.

#### WHERE CAN I FIND MORE INFORMATION ON THE PSAC?

For questions on the PSAC and its activities, please contact [PSAC@firstnet.gov](mailto:PSAC@firstnet.gov) or visit the [FirstNet website](http://FirstNet website).

## FirstNet Board

Chair Sue Swenson  
 Vice Chair Jeff Johnson  
 Secretary of Homeland Security (Designee David Hess)  
 U.S. Attorney General (Designee Chris Piehota)  
 Director of Office of Management and Budget (Designee Kathy Kraninger)  
 Chris Burbank, Neil Cox, Jim Douglas,  
 Edward Horowitz, Kevin McGinnis, Annise Parker, Ed Reynolds,  
 Rich Stanek, Teri Takai, Vacancy

### FirstNet Staff

Mike Poth, CEO  
 TJ Kennedy, President  
 Rich Reed, CCO

### PSAC Executive Committee

PSAC Chair Tom Sorley (Local-USCM)  
 PSAC Vice Chair Niles Ford (Fire Service-Metro Chiefs)  
 PSAC Vice Chair Paul Patrick (EMS-NAEMSO)  
 PSAC Vice Chair Jimmy Gianato (State-NGA)  
 PSAC Vice Chair Mel Maier (Police-MCSA)

### Public Safety Advisory Committee (43 Members)

#### Early Builders Working Group

EC Liaison Tom Sorley  
 Texas (TX) – Todd Early, CHAIR  
 New Mexico (NM) – Darryl Ackley, VICE CHAIR  
 Adams County (CO)—Scott Lane  
 Los Angeles-RICS (CA)—Scott Edson  
 New Jersey (NJ)—Steven Talpas

#### Federal Working Group

EC Liaison Jimmy Gianato  
 Department of Homeland Security (DHS) –  
 Kraig Moise, CHAIR  
 Department of Justice (DOJ) – David  
 Rogers, VICE CHAIR

#### Tribal Working Group

EC Liaison Paul Patrick  
 NCAI—Brian Howard, CHAIR  
 ATNI—Randell Harris, VICE CHAIR  
 AITC—Heather Hudson, Ph.D  
 APHA-AI/AN/NH—Michael Bird  
 ARA—Gerad Godfrey  
 IACP-ICLES—Pending  
 IAEM-TAC—Raymond Kennedy  
 ICIN —Nathan Nixon  
 NN —Teresa Hopkins  
 NNAFCA—Mark Openshaw  
 NTEMCC—Robert DesRosier  
 NWTEMCC—Richard Flores  
 SCTCA—Robert Clark  
 TCC—Pending  
 USET—Harrell French  
 \*see page 6 for acronyms\*
