

Vendor Meeting Request Form

FirstNet has determined that it is in the best interest of the Nationwide Public Safety Broadband Network (NPSBN) program to conduct one-on-one sessions with firms that represent industry capability based on the principles and procedures identified in the Federal Acquisition Regulation Part 15.201, Exchanges with Industry Before Receipt of Proposals. These sessions are being held with the intent to discuss an offeror's capabilities, current commercial offerings, and major program objectives, and to learn more about industry capabilities.

FirstNet does not anticipate disclosing any specific information necessary for preparation of proposals in these sessions that has not already been made public to date. Should such information be disclosed during these sessions, it will be made available to the public as soon as practicable, but no later than the next general release of information, in order to avoid creating an unfair competitive advantage.

FirstNet will use the answers included in this form to make its determination as to whether a meeting will take place. FirstNet reserves the right to refuse any meeting request submitted. Due to resource constraints, it is unlikely that every interested vendor will be granted a meeting. For vendors looking to meet with FirstNet on topics unrelated to the NPSBN and the upcoming RFP, please state as much in your objectives below.

Requestor Information		
Date of this Request (MM/DD/YYYY)	Requestor Name	Title
Company/Organization		
Address		
Phone	Email	
Company/Organization Information		
Please briefly describe your company's capabilities (100 words or fewer)		

Meeting Information

Please state your desired objectives and/or outcomes for this meeting.

List your planned meeting attendees (Name, Title).
